

PBA WEEKLY E-NEWS

Admin

A MESSAGE FROM THE PRINCIPAL

Dear PBA Parents,
Welcome to Spring! As the weather warms up, many of us look outdoors for extracurricular activities which accompanies the warmth of the sun and bloom of the flowers.

Please be reminded that we need your assistance in getting children to school each day and on time. Regular attendance and punctuality are good habits to form NOW. We look to your continued reinforcement of homework and encouragement for your children to do their best each day in school. We, of course, will continue to hold high expectations for students' achievement and behavior throughout the end of the school year.

SHOUT OUT News!

To the following AVID Students,

Noemie Vitou, Emmanuel Beka, Jasmine Rodriguez, Blanca Mercado, Naomi Shungu, Hilary Rojas, Daniel Buning, Sara Abdulkadir, Angela Joseph, Alanis Gomez and Obed Kende!!!!

On Saturday, March, they presented their projects for the World Affairs Challenge at Regis University. The theme this year was Smart Cities. They identified an issue that a global city was having and then researched solutions. They were judged by a group of volunteers, questioned about their solutions and then given a grade. The students were wonderful and created great presentations. Additionally, they whole AVID CLASS have been working with Mrs. Marike's second grade class in a reading buddies program for the past year. Every other week they go to her class and work with a student to help improve their reading skills. The kids have done a great job and enjoy working with each other and mentoring the kids!

STRESS RELIEF FOR STUDENTS AND PARENTS

Stress can be released through relaxation music, if that can help you to slow down, breathe deeply and gain perspective. The fantastic thing about relaxation music is that you can use it anywhere and at any time to bring about a great sense of calm and well-being. Deep breathing techniques, brief mindfulness, and gently yoga are also good ways to relief stress
