### A MESSAGE FROM THE PRINCIPAL

Dear Parents, Students, and Community,  
Welcome to the 2017-2018 school year. The PBA staff is always focused on the real and true rewards of teaching, helping our students learn, discover and grow. We are looking forward to a productive partnership with you to ensure our children can achieve their highest potential.

We recognize that in order to be successful in school, our children need support from both the home and school. We ask that you guide and support your child's learning by ensuring that they attend school daily and arrive on time, ready for the day's learning experience, complete all homework assignments given by teachers, read daily to develop a love for reading and to improve literacy skills, and share school experiences with you to keep you informed of their school activities.

Thank you for your involvement, and we look forward to the 2017-2018 school year with great anticipation.

Dear Families,

I hope you had a fun and relaxing vacation. Welcome to the 2017-2018 school year, where students will grow and be successful. The Counseling goals are to: assist students with educational, personal, career and goal planning, develop personalized programs based on each student's strengths and needs, help students understand themselves, assist students in identify and deal with problems, facilitate the identification of students with special needs, provide crisis intervention when necessary, and coordinate referrals to school.
