## SCHOOL COUNSELOR

### TIPS ON SETTING UP ROUTINES:

**Connected:** Talking about the school day lets your child know you care. Ask him/her to share two good things that happened during the day. Prompt him/her with specific questions, such as "Which multiplication facts did you practice?"

**Prepared:** Studying a little every day is the best way to learn new material. Help your student choose a time for homework when he/she is most alert – and try not to change it.

**Rested:** A set bedtime helps kids fall asleep more quickly. Suggest that your child get in bed 15 minutes early to read, make up stories, or talk quietly with you.
