A MESSAGE FROM THE PRINCIPAL

Dear Parents,

In a move to improve our home-school communication, it is vital that we have updated home addresses, phone numbers and e-mail addresses on file if we are to communicate with you effectively.

Please make sure that you are keeping the school office informed when you change your addresses and/or phone numbers. You may call 720-424-0960 or stop by the main office to make updates/changes as the case may be.

Furthermore, please do not pick-up your children for early appointments between 11:05 am - 12:50 pm or 3:30 pm - 4:00 pm because these are very busy times and can cause undue disruptions for their teachers.

PARENT CHILD COMMUNICATION. PART 2:

You create the security and trust needed for effective, open parent-child communication when you allow your children to express themselves fully, focus completely on them, listen, and respond by addressing both the content (“this is what happened”) and the emotions (“this is how it made me feel”). Begin listening to and communicating with your children early on. This will serve you both well during your children’s teen years, when communication may become more difficult – your children will know they can come to you with anything, and you will listen and help them solve the problem effectively.
