

# PBA WEEKLY E-NEWS

## Admin

### A MESSAGE FROM THE PRINCIPAL

Thank you to all the students and parents who attended our Health and Literacy Night on Thursday, January 25<sup>th</sup>, 2018.

Students and their parents enjoyed an evening of great fun; Pizza; Family Fit Fest; Math Estimation; Tangram Math and Let's Read Activities. Some of our parents also received free On-The-Spot Healthcare Screening, dental care tips, and recommendations on healthy living while our students went home with free books, calculators, toys, toothbrushes, toothpaste, and water bottles. If you missed this year's Health and Literacy Night, be sure to catch all the fun next year.

Thank you to Ms. Annette Garcia, PBA Teachers and our Community Partners for planning a fun, educational and healthy event for our students and their parents.

#### Tips to Help Get Your Kids Moving in the Morning: Part 3

If your child starts complaining that they do not want to come to school, sit them down and go over some of the reasons why someone should stay home from school or work if they are an adult. **Fever, vomiting, contagious illnesses, accidents, family emergencies or a death in the family are all legitimate reasons not to be in school.** There are other times when we might not feel 100% of normal, but we can still make it through the day. By following these guidelines, **children are learning how to be punctual, dependable and responsible.**
