## SHOUT OUT News!

Shout out to Carol Baumbusch & Don Oatley, Rotary Club Members!

The Rotary Club has provided PBA social-emotional learning curriculum to help build community, resolve conflict peacefully, and celebrate diversity. These concepts are taught by our student council members who are trained to use the curriculum. Additionally, the Rotary Club also provided *The Emotions Poster* which contains faces and words to identify emotions, and a donation towards the 8th grade Elitch Trip.

THANK YOU FOR BEING A PART OF OUR PBA FAMILY!

### Tips for Filling Your Summer Break with Fun & Learning Part 2

- Visit museums or zoos with your children. Spend more time at their favorite exhibit or near their favorite animal and really learn some facts about it.
- Encourage your child to start a collection, maybe rocks, shells, pinecones, or other natural objects. You can help them to do research on the internet or in books and learn interesting facts about the items they are collecting.
- Learn some new recipes together. There are many kid-friendly recipes that don't even involve using the stove.
